1. FULFILLMENT PRICING & CAPPING LIMITS

Item / Charge Type	Details & Strategic Caps
Base Fulfillment Fee	\$2.99 per order
Additional Item Fee	\$0.99 per additional item picked and packed inside the same order
Fulfillment Fee Cap	Maximum \$10.99 per order. Fulfillment picking and packing fees will never exceed this structural threshold for a single order, regardless of the unique quantity or item variation count included.
Shipping Costs	Charged separately based on real-time specific carrier weight and zone metric rates

2. WHAT QUALIFIES AS AN ORDER?

An order is defined as any single package shipment dispatched to one unique recipient address under a single tracking reference label. Multi-item shipments to the same delivery destination are grouped under unified billing tiers with additional item processing.

Fulfillment Fee Item Breakdown & Billing Examples:

Scenario	Items and Pick Breakdown inside the Order	Total Fulfillment Fee
Example 1	1 Hoodie shipped to 1 customer address. <i>(Base fee only)</i>	\$2.99
Example 2	3 Products (e.g., 1 hoodie, 1 t-shirt, 1 cap) shipped together to 1 customer address. <i>(\$2.99 base + 2 × \$0.99 additional items)</i>	\$4.97
Example 3	3 Products shipped individually to 3 completely different customer addresses. <i>(Treated as 3 completely separate single orders: 3 × \$2.99)</i>	\$8.97 total <i>(\$2.99 per order)</i>
Example 4	10 Products picked and packed together into 1 single customer order. <i>(Mathematical calculation: $\\$2.99 + 9 \times \\$0.99 = \\$11.90$. Adjusted down to maximum order cap threshold)</i>	\$10.99 <i>(Capped at Max Limit)</i>
Example 5	25 Products picked, sorted, and packed together into 1 single bulk customer order. <i>(Mathematical calculation: $\\$2.99 + 24 \times \\$0.99 = \\$26.75$. Adjusted down to maximum order cap threshold)</i>	\$10.99 <i>(Capped at Max Limit)</i>

Large Boxes (18 × 18 × 24)	~8 boxes per pallet
X-Large Boxes (24 × 18 × 24)	~8 boxes per pallet

8. PALLET RULES & BILLING REQUIREMENTS

Item	Details
Uniform Box Sizes	All boxes loaded on a single pallet must be identical in size.
Mixed Boxes	Mixed box sizes combined on the same pallet are strictly prohibited.
Full Pallets	Once maximum pallet capacity or height is reached, vendors must create an additional pallet.
Safety Requirement	Pallets must remain professionally shrink-wrapped, structural, stable, and warehouse safe at all times.
Additions to Existing Pallets	If adding items to an existing pallet, only receiving and inventory set-up fees are due. No additional monthly pallet base storage fee is generated for the allocation.

9. SPECIAL PROMOTIONAL INCENTIVES

New Vendor Welcome Waiver

Every new vendor gets receiving and inventory set-up fees completely **waived on their first shipment**. Only storage fees are due on the first inbound shipment to speed up account optimization.

High-Volume Storage Waiver Reward

Every vendor who processes a **minimum of 100 orders per calendar month** will receive the following month's storage completely free. This volume-based waiver promotion **only applies to the pallet storage tier** allocation.

IMPORTANT OPERATIONAL NOTES

- Monthly storage fees are automatically billed on the 1st day of every calendar month.
- First month storage fees and Receiving & Inventory Setup fees are due upfront on every new incoming inventory shipment.
- It is the vendor's sole responsibility to ship inventory to the USA Errands warehouse using their preferred carrier and shipping method.
- Vendors must create and submit a detailed Pre-Shipment Notification (PSN) before dispatching any inventory to the warehouse.
- Vendors are responsible for maintaining a sufficient wallet balance at all times to avoid operational disruptions.
- Receiving & Inventory Setup fees apply to all inbound inventory, including full palletized shipments.
- Shipping costs are separate from fulfillment fees and are calculated in real time using carrier rates.
- USA Errands reserves the right to re-tier incorrectly declared box inventory dimensions.
- Pallets must remain perfectly stable, properly shrink-wrapped, and warehouse safe at all times.

Enterprise & Custom Accounts
